

Rotoball

A ball gets passed to you.

You look at it, and transform it into a (your noun) as you (your verb) with/ to it.

It then transforms back into a ball and is passed on to the next person.

Your Job:

Create a short rotoscoped project that illustrates the passage above.

Rules:

1. Each animation must be exactly 15 seconds long.
 2. The animation can be as creative as you'd like, but **MUST** contain the following:
 - You catching the ball from the left-hand side of the screen.
 - The ball transforming in some way.
 - You interact with the transformed object.
 - The ball returning to normal.
 - The ball leaving the right-hand side screen.
-
